

Hope 4 Durban assists those within our Glenridge Community and the Durban CBD:

- To create a Database of CV's which can now be used to promote Employment Opportunities to our community and related businesses.
- To keep original documents in a safe for homeless/street people and providing laminated copies for them to carry.
- To connect with Home Affairs for assistance in tracking delayed/lost and new document applications.
- To organise workshops and skilled trainings on identified themes including hygiene, business and entrepreneurship.
- To create a collaborative space with businesses or individual people and unemployed people both in and out of our church community.

HOW CAN YOU HELP?

Volunteer

Provide Training for the homeless and unemployed: CV skills; interview protocols; business skills; basic manners/etiquette and spirituality.

Logistics

Assist with logistics and training equipment.

Provision

Refreshments for training workshops, or financial assistance.
